We buy it, we bury it and then we ignore it. Do we think what happens to all the waste we produce? This award winning film is narrated by Jeremy Irons and explores how by changing the way we live our lives we can contribute to our own survival and well-being and ultimately that of the planet. Jeremy Irons sets out to discover the extent and effects of the global waste problem as he travels around the world to beautiful destinations tainted by pollution. It is a journey that takes us from scepticism to sorrow, from horror to hope as Jeremy Irons discovers that change is not only essential, but is happening. All parishioners are warmly invited and indeed encouraged to come and see this thought provoking film on one of the two evenings.
