DISABLED CAR PARKING SPACES

Those who have to cope with the daily difficulties of increasing mobility problems know that the parking bays designated for 'disabled' parking at the front of the church are a valued facility. Not only their proximity to the church door but also the extra room they give for getting in and out of the car is a great help. This is a gentle reminder to parishioners that you only park in front of the church if your limited mobility makes it a necessity to use these spaces. Thank you for your consideration in this matter.
